Oil Painting Of Last Survivor Of GAR Presented To National Museum By Duluth Legion Post

An oil painting of Albert Woolson, 107, last survivor of the Grand Army of the Republic was placed on display in the Gettysburg National Museum today. The portrait, 15 1/2 by 19 1/2 inches, was painted by Basgen, of New York, and presented to the National Museum by the David Wisted Post No. 28, The American Legion, Duluth, Minnesota.

The last survivor of the Union armies, Woolson, a native of Watertown, N. Y., where he was born February 11, 1847, fought with Battery C, 1st Minnesota Heavy Artillery. He was National Senior Vice-Commander of the GAR in 1940 and attended the last reunion of the Blue and Grey here in 1938.

Message From Woolson
Accompanying the portrait is a personal message from Woolson signed by him July 12, 1954. Addressing his message to "My Fellow Americans," Woolson said:

"On April 9, 1865, the terrible conflict, the War of the Rebellion ended; the differences between the Union and the Confederacy were forgotten and the North and South were once again united.

"As the last survivor of the Union Army, I have seen these United States grow into the greatest nation in the history of mankind.

"Our sacrifices were not in vain."

An identical portrait of Woolson with a similar message is on display at City Hall, Duluth, where Woolson now resides.

Stir Ire Of SUV
The Gettysburg portrait "almost started the Civil War all over again" when it was displayed with the Woolson message at the convention of the Sons of Union Veterans meeting earlier this summer in Duluth. Convention members "hit the roof" at the words "conflict between the States," and demanded that the plaque, note that the war was a "Rebellion."

Largely responsible for the gift of the portrait was Dr. J. F. Robinson, Duluth dentist, a former commander of the David Wisted Legion post and chairman of the memorial committee.

According to George D. Rosensteel, museum owner, the gilt framed portrait will be on view temporarily in a prominent place in the museum. Later a permanent display arrangement will be made giving proper prominence to the painting.

The inscription on a brass plate at the bottom of the gold frame reads: "Portrait of Albert Woolson presented by David Wisted Post, No. 28, American Legion, Duluth, Minn."

MAN WHO ROBBED GYM AT COLLEGE FLEES HOSPITAL

NORRISTOWN, Pa. (AP)—A 33-year-old former football player undergoing psychiatric examination at Norris-town State Hospital after police said he confessed to 335 burglaries, escaped from the hospital today.

George T. Glisson, who once played with the University of Miami and the Boston Yanks, had been in the institution since his arrest July 26.

Authorities said he called to an attendant at 6 a.m. and asked to be taken to a lavatory down the hall from his room. The attendant waited outside. Glisson sneaked past the attendant, darted down the hallway and unlocked a door leading to an outside corridor. Hospital officials did not know how he obtained a key.

Police were questioning Glisson about one case in July when they came upon a diary in his home which they said listed thefts from locker rooms at country clubs and schools dating from 1932.

He was committed to Norris-town State Hospital for a 21-day period under a state law which permits a police suspect to be held for psychiatric examination on a physician's certification.

Glisson is married and the father of two children.

Glisson formally was charged with burglary and larceny in the locker room thefts on Aug. 10. The charges listed thefts in 12 counties: Chester, Montgomery, Delaware, Lehigh, Bucks, Lancaster, Lebanon, Luzerne, Northampton, Cumberland, Adams and Franklin. State police placed the value of the loot at \$25,313 and said they believed Glisson had spent most of the money.

Here And There News Collected At Random

Theodore R. McKeldin is not only Governor of Maryland but he is his state's best and most prolific booster.

Maryland was asked to send some soil to Gettysburg in which, along with soil from the other 47 states, will be planted a pine tree to mark the site of Eisenhower's headquarters when he commanded Camp Colt in the first world war. The ceremony will take place Saturday afternoon, August 28, following a parade from Lincoln Square. It will climax the Homecoming Reunion of the World Wars Tank Corps Association here Friday and Saturday.

However, when Governor McKeldin sent his state's soil he also sent a communication which is typical of the enthusiasm he has for his Free State. His letter follows:

"Your letter addressed to the Chief of the Military Department of Maryland, was forwarded to me. I am, indeed, very happy to be of service to the World Wars Tank Corps Association.

"Under separate cover, we are sending you some Maryland soil, which when mixed with soil of the other forty-seven States, will nourish your tree and insure its vigorous growth. We know that this is so, because the seed of religious freedom was planted in Maryland's soil at St. Mary's City in 1634. This seed germinated rapidly and came to fruition as the first law of religious toleration in the world. The seed of civil liberty when planted in Maryland soil, produced a vigorous growth which the people of present day Maryland are still harvesting.

"The soil of Maryland produced the four hundred members of the Maryland line, whose heroic stand saved the forces of George Washington in the battle of Long Island, six months after he had become Commander in Chief of the Continental Forces, for which post he had been nominated by Maryland's first Governor, Thomas Johnson. The same Maryland soil brought forth our National Anthem, 'The Star Spangled Banner,' product of the genius of a native born Marylander, Francis Scott Key. Through the intervening years the soil of Maryland has enriched our national culture, our national history, our national economy and our traditions of freedom.

"This Maryland soil which we so gladly and proudly send you, is honored and privileged to join with the soil from our other States and territories in sustaining a living memorial to the valiant men who have served in our Tank Corps.

"I hope your Homecoming Reunion will be outstanding and successful.

"With kindest personal regards, and all good wishes to you and the members of the World Wars Tank Corps Association."

Climber Dies To Save Friend

PORT ANGELES, Wash. (AP)—A mountain climber trapped in a crevasse by his own heroism was found dead late last night on towering Mt. Olympus.

Doctors said Dr. Anthony Levy, 30, a University of California research biochemist from Berkeley, had been dead about nine hours before his body was reached.

He had been trapped deep in a crevasse at the top of the 7,954-foot peak which stands in the center of Olympic National Park.

Twenty-three National Park Service employees fought their way up the mountain in an attempt to rescue him.

Levy, with four others, were climbing the mountain Saturday when one of the party, Dick Neal of Seattle, slipped into the crevasse breaking a leg in the fall.

Levy volunteered to go down and help get Neal out. The efforts to rescue Neal were successful, but Levy, exhausted by his efforts, could not get out himself and attempts by the other three to bring him to the surface failed.

Air Liner Crashes Into Pasture; 11 Are Killed

MASON CITY, Iowa, (AP)—A Braniff International Airways DC3, warned not to land here because of a wild storm, crashed into a pasture yesterday, killing 11 of the 19 persons aboard. Eight were injured, two critically.

An earlier report had given a power failure at the airport as a factor in the crash, but airport officials said the report was erroneous. A power failure at hour later had disrupted some air traffic temporarily but had nothing to do with the crash, they explained.

The plane, northbound from Memphis, Tenn., to Minneapolis, was only about 10 minutes out from the field, Braniff officials said, when they radioed it to hold off landing because of the storm. The field never received an answer, airline officials reported.

The plane crashed on a farm 4 1/2 miles south of Swardale. Highway patrolmen reported a wire of a new high-voltage power

FOUR INJURED, GAS STATION, FIVE VEHICLES ARE DAMAGED

Four persons were injured, five cars and a gasoline station damaged, and three fire companies were called when, police say, a Fairfield motorist drove in front of an Abbotstown driver near the "Little Pentagon" Sunday night at 10:49 o'clock, and the two cars collided.

According to police, the multiple accident began when Mearl McClellan, 49, Fairfield, attempting to enter the Sunshine Trail from the road to Fountaindale, drove his car out into the main highway and was struck on the left rear by an auto operated by Blake F. Keller, 38, Abbotstown.

The impact caused the McClellan car to spin around, and travel 75 feet, apparently backward, the investigating officer said.

As the McClellan car, out-of-control, passed between the gas pumps and two cars parked alongside the pumps for servicing, at the Benedict Service Station, the bumper and gasoline tank of the McClellan vehicle were pulled off as it sideswiped the two parked autos.

McClellan's car continued on 30 feet. The gasoline tank exploded between the two parked cars, scorching the rear of one and the front of the other.

The two parked cars were owned by Paul E. Sanger, Myerstown. Eleven persons who had been occupants of the cars en route home from Virginia, were in the service station at the time eating sandwiches.

With the sudden blaze threatening the station, Fountaindale, Fairfield and "Blue Ridge Summit" firemen answered the alarm.

Damage Is \$2,500
A Port Ritchie ambulance took Mr. Keller, who suffered bruises of the body, Mrs. Keller, who had a possible fractured skull, and Larry, 13, son of Mr. and Mrs. Keller, who also suffered bruises and shock, to the Waynesboro hospital. A daughter of Mr. and Mrs. Keller, Annette, 11, who was asleep in the car with her head in her mother's lap, was uninjured. Two physicians from Blue Ridge Summit gave first aid at the scene. McClellan suffered abrasions of the left elbow and was also treated at the scene.

Damage was estimated at \$2,500, \$1,000 to McClellan's car, \$750 to Keller's, \$200 to Sanger's Cadillac, \$400 to Sanger's Chrysler, \$100 to Robert Benedict's car which was parked nearby and was scorched by the blaze, and \$50 scorching damage to the gasoline station.

Immediately before the shooting itself, Donahue said, the son told of hearing his father call out several times, "mind your own business."

Donahue and Inspector Anthony Ricchit quoted both young Ellis and his sister as saying there was no discord in the family beyond the occasional "spats."

Army tanks were reported to have been ordered to take positions at the palace, but apparently they turned back en route and never reached there.

The crisis developed Sunday following a meeting of air force general officers led by Lt. Gen. Eduardo Gomes, twice a presidential candidate and titular head of the National Democratic Union, the chief opposition to Vargas.

"SNAFU" OPENS AT TOTEM POLE

"Snafu," ninth production of the season, will open its one week run at the Totem Pole playhouse tonight in the Caledonia Park "straw hat" theater.

The script, written by Louis Solomon and Harold Buchman, won fame on the Broadway stage and on the movie screen as a film starring Edward Arnold and Una Merkel. The story begins when Ronald Stevens' parents discover the 16 year old in a newsreel taken on the front lines during a battle. They immediately set the wheels turning which result in the boy's honorable discharge. Upon returning home, he is confronted by American Legionnaires, Boy Scouts, detectives, State Senators, and relatives and neighbors, all bent on helping him "adjust" to civilian life. To add to the confusion, he is mistakenly identified as the soldier who broke into the dormitory at the local girl's college, as well as having three fluttering females fighting over his affection.

Margaret Hill, Robert Herrman and George Cotton are featured as the Stevens family, mother, father and son.

MILLERSTOWN, Pa. (P) — The contractor who built the new Greenwood Joint High School here in Perry County says he will not let the State School Authority use the building until he is paid money he claims the authority owes him.

Boy Kline locked the door of the building and said it will stay that way until settlement is made.

The state authority has filed suit against Kline and refuses comment.

Kline said the job isn't finished because of architects mistakes and because of delays brought about by arguments between the school district and the school authority.

Meanwhile, \$140,000 in payments due Kline have been held. Kline said the architects mistakes have cost him \$20,000 and the authority said it will pay him only \$9,000.

MOORE KEEPS JOB IN 1955

PHILADELPHIA (P) — Terry Moore said today he would be back in 1955 as manager of the Philadelphia Phillies and disclosed he had deliberately encouraged a misconception he was an "interim" pilot in order to learn some pertinent facts about his players.

Moore told reporters after the Phillies had topped Brooklyn twice, that "it was agreed from the start that I would manage the team next year, but I didn't want it known by the players."

"I wanted them to think I was a fill-in for half a season. That's the way I figured to find out what men would hustle and which would try to take advantage of the fact they didn't have to impress me," he said.

Moore said his rule worked perfectly. "I found out more in a month than I normally would have in a season."

Moore indicated that the sale of pitcher Jim Konstanty to the New York Yankees could be the start of a general housecleaning. "We've had the same team for four or five years and it's been going down steadily. We're going to have to make some changes."

CHARGE MAN KILLED WIFE

BALTIMORE (P) — David E. Roche, 28-year-old city plant inspector, was charged today in the poison death of his wife, Dorothy, 23.

A medical examiner's report said the woman died of potassium cyanide poisoning.

The police charge against Roche was assault by poisoning and thereby causing the death of his wife.

He was to get a hearing later today at Central District Police Court.

Roche presented himself to police Saturday after he left a bus which had returned him from his wife's funeral at Johnstown, Pa. The 23-year-old woman died Aug. 14.

He told police he had heard officers wanted to question him.

The medical examiner's office listed poisoning as the cause of death.

BEAT THE BEST!
In The New York Times recently I read an article written by John Rende! about Cornelius Shields, noted skipper—one of those sturdy ones who would rather sail a boat than anything else in this world. I quote this statement about Shields: "He loves to win, but only if he can beat the best."

There is a certain satisfaction over winning any contest but to be matched with your equals and win is a genuine victory, one to make anyone proud. I admired a woman tennis champion, whom I knew many years ago, because she said she always aimed to play with someone better than herself. That's why she later became champion.

But this man Shields was not satisfied to merely win in a boat race, he wanted to win with boats in his class, and against the best boat and the best skipper of that boat. There is a big lesson in this story, one that we can all take to heart. First we should match our abilities and talents with the best of others, then seek to win above the best. If you beat the best, then you can take pride in your championship.

We need more people in this world who will attempt what some people term "the impossible." The late Henry Ford conceived the idea of an 8 cylinder V-type engine cast in one piece. His engineers told him it was impossible, that it wasn't practical, that it couldn't be done anyway. Mr. Ford listened and then said: "Go ahead and do it." Again and again he told them the same thing—and 'twas done! The best method of making an engine was then beaten and the famous V-eight Ford engine was born.

In athletics, in every class of sport, it's the champion that everyone wants to get a chance at. They want to beat the best, and no excuses to be offered if there is a failure. Try beating yourself, then go after the best that you know. Never acknowledge defeat. Keep your spiritual eye upon a star!

Tomorrow Mr. Adams will talk on the subject: "My Island" Protected, 1954, George Matthew Adams Service

GANG LEADERSHIP
Playing baseball or football or rolling a hoop
Every boy has the wish to be one of a group.
So, this by us all should be well understood:
No gang will be bad under leadership good.

I've said it before and I say it again:
What all boys desire is the friendship of men.
A leader to follow they constantly need.
Under one they respect they will try to succeed.

If we who are older neglect or forget,
Boys will turn to the streets where temptations are met,
But with patience and care,
which provide them we should,
The gang or the group will turn out to be good.

4 ARE KILLED WHEN SANTE FE CHIEF DERAILS

LOMAX, Ill. (AP) — The crack streamliner Sante Fe Chief derailed just east of Lomax yesterday en route from Chicago to Los Angeles.

Of approximately 200 passengers, four were killed and 53 were listed as injured. Only the locomotive and a mail car of the 13-car train held the rails.

The rest zigzagged along the track, some crashing into a parallel string of refrigerator cars on another track. All remained upright except No. 9, which rolled onto its side.

It was No. 9 which contained most of the victims.

Two Identified
Two of the dead were identified by Henderson County Coroner Dean F. Beals as Edward S. Monty, Phelps, Wis., and Mrs. Gina Guilfi, Albuquerque, N.M.

Another woman and a man, both unidentified, were killed.
At least 13 of the injured were in serious condition in hospitals in Burlington and Fort Madison, Iowa, across the Mississippi River.
Among 30 patients taken to Sacred Heart Hospital in Fort Madison were 11 the hospital listed as being in serious condition including Frank Opaniski, Duquesne, Pa.

PERSONAL INCOME RISES
WASHINGTON (AP) — Personal income in the United States averaged \$1,709 per person last year—a \$65 boost over 1952.

Reporting this yesterday, the Commerce Department said personal income nationwide was \$270,577,000,000 in 1953 compared with \$256,000,000 the year before.

LEADER'S ROLE FORCED ON U.S.

LEWISBURG, Pa. (AP)—The executive director of the American Colleges Assn. said Saturday that the United States' role in world leadership was "a natural development."

Dr. Theodore A. Distler, in a speech prepared for delivery at the summer commencement of Bucknell University, said the nation's position resulted from the failure of other nations to provide the right kind of leadership.
"Perhaps it would have been better if we had a longer period of preparation for such world leadership," Distler added, "but events both political and economic all over the world hastened our assumption of this leadership."

Former F&M President
Distler, who was president of Franklin and Marshall College until he took over his new post last month, said the nation must attain "political literacy" to meet the challenge of world leadership.
The university awarded Distler an honorary doctor of pedagogy degree following his address at the commencement exercises.

Master's degrees were given to 51 students and 24 undergraduates received bachelor's degrees.

Churchill Moves To Break Deadlock On EDC Agreement

By COLIN FROST
LONDON (AP) — Prime Minister Churchill stepped personally into the deadlock over West European defense today with urgent talks aimed at getting German troops quickly lined up with the West.

French Premier Pierre Mendes-France flew to Chartwell, Churchill's private estate 25 miles from London.

It was his first meeting with the veteran British statesman. Consultations were expected to last several hours. Foreign Secretary Anthony Eden rushed home from his Austrian vacation to join them.

Mendes-France came straight from Brussels, where the six-nation talks on the European Defense Community broke down yesterday after four days of practically fruitless bargaining.

Winding up their conference in the Belgian capital, the foreign ministers of France, West Germany, Italy, Belgium, the Netherlands and Luxembourg issued a communique admitting failure to agree on EDC but declaring they shared these four common political aims for Western Europe:

To Unify Germany

1. Closer European cooperation to protect West Europe from aggression.
2. The avoiding of neutralization of Germany.
3. Continued efforts to work for unification of Germany and some sort of German contribution to Allied defense.

4. Drafting of a formula to promote Europe's political and economic integration.

It was generally felt that barring some miracle, EDC and the six-nation European army it was to set up were dead hopes. Observers in Paris freely predicted the National Assembly would kill the pact once and for all if Mendes-France submits it for ratification this weekend, as he is scheduled to do.

The French Premier reportedly carried to Churchill the outline of some alternate plan of European defense, in which Britain would play a major role. Observers in London believed Churchill himself had some such plan to put before the bustling, determined French leader.

They recalled Churchill's message last week to West German Chancellor Konrad Adenauer, a key figure at the Brussels talks.
"My belief," Churchill said then, "is that all will come out right in the end in one form or another. . . ."

Adenauer himself declared yesterday, after the talks broke down, that he was confident Mendes-France would win ratification of EDC in the French National Assembly debate to begin next Saturday. The French Premier already had told the Brussels group he was convinced the Assembly would reject the army plan unless the other five nations agreed to the sweeping revisions he demanded in the EDC treaty.

Giants Win Two, Dodgers Lose Two; Indians Beat Orioles As Yankees Bow To Boston Red Sox

By ED CORRIGAN
AP Sports Writer

While the American League in general and New York Yankees in particular wait breathlessly for the Cleveland Indians' tepee to collapse, the Tribe blithely ignores the somber warnings of their enemies.

Al Lopez's remarkable Redskins were 5½ games in front of the Yanks today and showing no signs of tapering off in their war on the rest of the league. In fact, the Yanks' only chance of winning their sixth straight pennant now is a Cleveland collapse.

The Tribe whipped Baltimore yesterday 12-1 while the Boston Red Sox were putting the crusher on Casey Stengel's outfit 8-2.

Elsewhere in the American League, Detroit halted Chicago (the White Sox are out of it) 7-4, and the Philadelphia A's defeated Washington 3-2 in the first game of a scheduled double-header. The second was called after nine innings because of the Sunday curfew with the score tied 4-4.

Giants Win Two

In the National League, the New York Giants cemented their claim to the pennant by gaining two games on the Brooklyn Dodgers. They swept a double-header from the Pittsburgh Pirates 5-4 and 5-3 while the Philadelphia Phillies were crushing the Brooks twice, 5-2 and 6-0.

The Milwaukee Braves, 7½ games off the pace, blasted Chicago 12-6 and the St. Louis Cardinals outlasted the Cincinnati Reds 9-7.

The Tribe slapped out 20 hits while Early Wynn held the Baltimore club to three in his seven innings on the mound. After that Lopez sent in the scrubs.

The Yanks could do nothing right. Only ancient Enos Slaughter was impressive. Ted Williams knocked in the first four Sox runs with a homer and a double. That was all Frank Sullivan needed to hang up his 11th victory and give Boston a sweep of the three-game weekend series. Harry Byrd was the victim.

Detroit jumped on Billy Pierce for four runs in the first two innings and the White Sox never did get back in the game. Frank Bolling drove in three of the Tigers' runs. Billy Hoof was the winner.

Joe DeMaestri drove home the winning run for the A's in the 12th inning of the opener against the Senators to give Charlie Bishop his victory.

The Pirates knocked both the Giants' ace pitchers, Johnny Antonelli and Sal Maglie, out of the box before losing. The Giants had to score twice in the ninth to win the first game. A pinch single by Billy Taylor drove in the winning run after three straight passes and an error forced in the tying marker.

In the nightcap, the Pirates chased Maglie in the fifth, and from there on in, a brilliant relief job by Hoyt Wilhelm held them in check. He didn't yield a hit in the 4-2-3 innings he toiled.

The Giants now have a bulge of four games over the Dodgers.

Ennis Knocks In 7 Runs

A couple of pitchers who have had indifferent success to put it charitably, mowed down the Brooks. Herman Wehmeier, whose record shows six victories and nine defeats, whipped them in the opener, and, in fact, had a shutout until the eighth. In the nightcap, Murry Dickson was nursing a 10-game losing streak until the Phil whitewashed them in the second game.

Del Ennis was the Brooks' nemesis. He hit a three-run homer in each game and drove in seven runs. Carl Erskine was the first-game victim and Russ Meyer the second, although neither was around at the end.

Bobby Thomson returned to full-time duty with Milwaukee and promptly belted a two-run home run. Brave home run slugger Eddie Mathews left the game after he was hit on the finger. There was no fracture. He'll be out only a few days.

St. Louis' victory over Cincinnati dropped the Redlegs to fifth place. Stan Musial had a pair of doubles in the 13-hit Card attack on five Red pitchers. Al Brazle was the winner.

Wins Second Car Race

EAST STROUDSBURG, Pa. (AP)—Ken Wismer of Easton won his second stock car race of the season at the Stroudsburg Speedway last night. A fellow Eastonian, Fred Fehr, was second in the 25-lap feature event on the half mile track. Al Tasandy of Dover, N.J., was third.

There was no time for the contest because of a number of re-starts caused by a series of minor accidents.

LITTLE LEAGUE AWARDS SUNDAY

The Little Leaguers will play every night this week. All four teams in the league will see action next Sunday, August 29, in what has been designated as Little League's Little League's Awards Day.

The first game matching the Giants and the Lions, will start at 1:30 p.m. The pennant winning Cardinals and the Vets will meet in the aftermath. Between games, the trophy will be presented to the Cards, for finishing first in the league this year. Dick Knipple is manager and Bob Koontz assistant manager of the winning team.

Awards also will be presented to the outstanding twelve year old in the league, the leading hitter, the leading pitcher, the Little Leaguer getting the most triples, doubles and home runs, during the year. There will be no charge for admission, but mothers of the boys and other volunteer women of the community will save booster tickets, and contributions received will help defray Little League expenses. The Little League is sponsored by the Lions, Rotary, Vets, Eagles and the Woman's Club in the community.

Eastern League

By THE ASSOCIATED PRESS
Albany's hustling Senators, overlooked in the day-to-day duel between Elmira and Wilkes-Barre for the Eastern League lead, were posed today in a prime position for a last-ditch drive toward the pennant jackpot.

The third-place Senators moved to within 4½ games of the top as they downed host Allentown, 5-2, in yesterday's only single contest. Elmira clung to its two-game lead over Wilkes-Barre as the teams split doubleheaders, the Pioneers at Williamsport and the Barons at Binghamton. Elmira whipped the Grays 4-3 in the opener, but the host outfit rebounded to take the nightcap, 6-5. Wilkes-Barre won its first, 5-1, but was blanked by the Trips' Ralph Terry in the second, 4-0.

Visiting Reading slapped down Schenectady twice, 2-0 and 4-2.

Two other scheduled games, Emmitsburg at Union Bridge, and New Oxford at New Windsor, were postponed due to wet grounds.

7 OF 8 STATE BOY GRID STARS TO LEAVE STATE

By DICK HOENIG

HARRISBURG (AP)—Seven of eight members of the 1953 Associated Press All-State schoolboy football team who will continue their education are headed for colleges outside Pennsylvania.

The only school likely to get two of the stars who won the top possible honor for their scholastic play is North Carolina State.

The one exception to the trend that mirrors Pennsylvania's long standing reputation as a breeding ground for the nation's collegiate stars is Bill Walinchus.

Walinchus, a tackle for Mahanoy City, will enter the University of Pittsburgh next month and attempt to duplicate the success of his father who played for Pitt under Doc Sutherland and went to the Rose Bowl in the late 20's.

Last year three of the preceding season's All-Stars indicated they would attend Pennsylvania schools, one each to Penn State, Pitt and Penn.

The only member of the 1953 dream squad who remains eligible for another season of scholastic play is back Gene Mikelsonis of DuBois. The second junior Selected to the team, Har-Brack's powerful line driver Chet Gilchrist is over age and cannot compete on the scholastic gridiron.

Gilchrist became the first Pennsylvania schoolboy signed to a professional football contract several months ago but was recently released by the Cleveland Browns after a short tryout at their training camp. His future plans are indefinite but he's now working out with the Winnipeg club in Canada.

For the second straight year an All-Stater from York has decided not to enter college immediately. He is Johnny Watkins, a top end, who is now working in his home town. Last fall York guard Harry Densel decided not to continue his education.

Entrance Exam Troubles

Princeton and North Carolina State will get the other members of the 1953 All-State backfield. Dick Christy, Chester St. James' triple threat, will go to North Carolina after having trouble with entrance exams at Penn State and Notre Dame.

Mei Laskoff, Erie East high, is prepared to enter Phillips Exeter Academy prior to Princeton. Bob Guenther of Clairton a guard, is the other team member who may go to North Carolina State. However, he is still considering West Virginia also.

Bart Jankans, a tackle from Reading, will follow his brother's footsteps out to Arizona State at Tempe. Lock Haven's Bill Karch, a guard, will enter Florida State while end Charlie Zawacki, Uniontown, chose Ohio State from 20 offers.

Center Tom Connolly, West Scranton, hasn't made up his mind between Holy Cross and Syracuse.

Altoona Girls' Team Wins Softball Title

ALLENTOWN, Pa. (AP)—A team of girls from Altoona won the Keystone Amateur Softball Assn. Invitational Tourney with three impressive wins yesterday.

The Altoona team, lead by star pitcher Kathleen Hoffman—who pitched all three contests and was voted outstanding player in the one-day tournament—eliminated the Allentown Patriots, 21-3, then the Bath Bachelors, 8-0, and in the final, defeated the Catasauqua Kaydets, 9-7.

To back up her pitching Kathleen hit six home runs in the three contests, driving in 16 runs in all.

BALL PLAY ENDS ON WEDNESDAY IN LITTLESTOWN

Baseball will run the gauntlet in Littlestown this week with both the Independent town team and the Little Leaguers winding up play for the season. The town team will "call it quits" after Wednesday night's two-night double header with Bonneauville of the South Penn League on the Littlestown Memorial Field. The first game will start at 6:45 p.m. This is the first season in a number of years that Littlestown has not played in a league. They played independent baseball this year, meeting some of the best teams in this area, in exhibition games.

The record for the season is a respectable seven wins and four losses. The team will be out to better this mark as they lower the curtain on another season of play. When these two teams met earlier in the season, Littlestown edged Bonneauville, 8 to 7. A large crowd is expected to witness the last appearance of the Littlestown team this year. There is no admission fee.

FINE RETURNS STATE GUARD UNIT'S COLORS

INDIANTOWN GAP, Pa. (P)—The 48th Infantry Division of the Pennsylvania National Guard once again has its colors.

The historic division's colors were formally returned yesterday at ceremonies held in conjunction with the annual Governor's Day program.

Some 15,000 members of the PNG passed in review before Gov. John S. Fine and dozens of dignitaries in tribute to the chief executive who next year goes out of state office and thereby relinquishes his title of commander-in-chief of the organization.

Finest Military Show

"Without a doubt this is the finest military show I have ever seen," Fine said after watching the men pass in review.

The program marked the halfway point in a two-week summer encampment here of the 28th and non-divisional units.

The division colors were turned over to Gov. Fine by Lt. Gen. Mantion S. Eddy, under whose command the 28th served in Germany for three years.

Returned To State

The division was returned to state control by the Army last year. Gov. Fine turned the colors over to Adj. Gen. Frank A. Weber, commanding general of the PNG, who passed them on to Maj. Gen. Henry K. Fluck, division commander.

More than 50,000 persons watched the parade and an aerial show put on by members of the Pennsylvania Air National Guard now encamped at Spaatz Field, Reading, and other bases.

The parade was led by a composite group of PNG and PANG troops carrying the flags of 60 United Nations countries.

Plane Show

Dozens of guard planes, including some jet trainers, flew across the field in salute to the governor and his party. The jets made several practice strafing passes and practice bombs were dropped from other aircraft.

A "little patient" was evacuated from the base by helicopter and medical and food "drops" were made by PANG trainer planes.

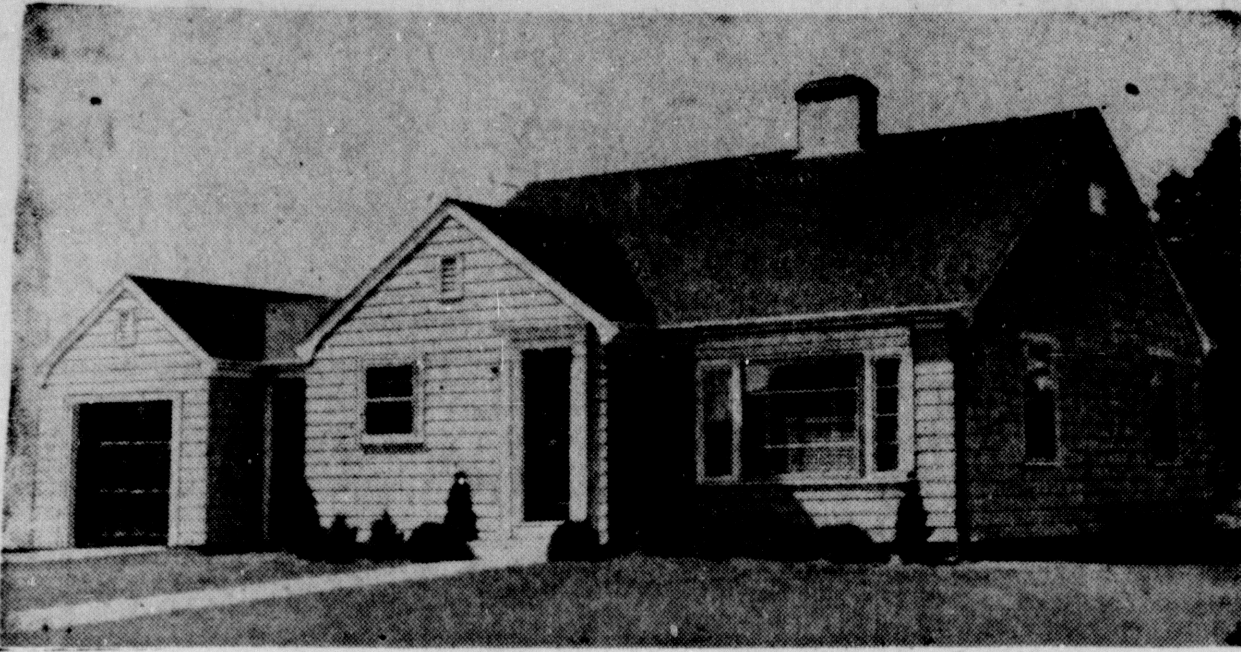

TO EXPAND FORCES

WASHINGTON (P)—American-Korean military conferences here will soon produce a decision on expanding South Korea's army, navy and air force, former Korean Premier Paik Tu-chin said yesterday.

Paik conceded there is "nothing to show" for the talks thus far. But he declared replacement by comparable Korean forces "is essential" before the planned withdrawal of four U.S. divisions takes place, and he said he has "full hopes our objectives will be realized."

The use of fur garments was one of the luxuries that the Roman people adopted from Greece.

Plans For "Home Of The Week"

Rooms Four
Bedrooms Two
Closets Five
Cubage 16,500 ft.
Dimensions 32' x 24'

An abundance of windows makes the house seem larger than it actually is; they also dress up both the exterior and interior appearance of "The Fleming." Just about any type of exterior finish can be used with equally successful and attractive results.

The house proper measures 32' x 24', cubage of the house is 16,500 feet. The garage has a cubage of 3600 feet. If desired, a detached garage can be constructed in place of the attached one specified; then, the porchway can be eliminated.

Two most attractive features of the living room are the handsome fireplace and the built-in bookshelves; together they effectively dress-up the back wall of the room. Although decorative, both fireplace and bookshelves are also highly practical and much desired in any home.

A relatively new idea in home planning, and one that is steadily gaining in popularity, is to locate the kitchen in the front part of the house. Then, as in "The Fleming," the bedrooms can be placed in the rear and quieter section of the house.

While no specific area is set apart in the kitchen for a breakfast nook, the room is of ample size to provide plenty of space for family meals. For more formal occasions, the living room can do double duty.

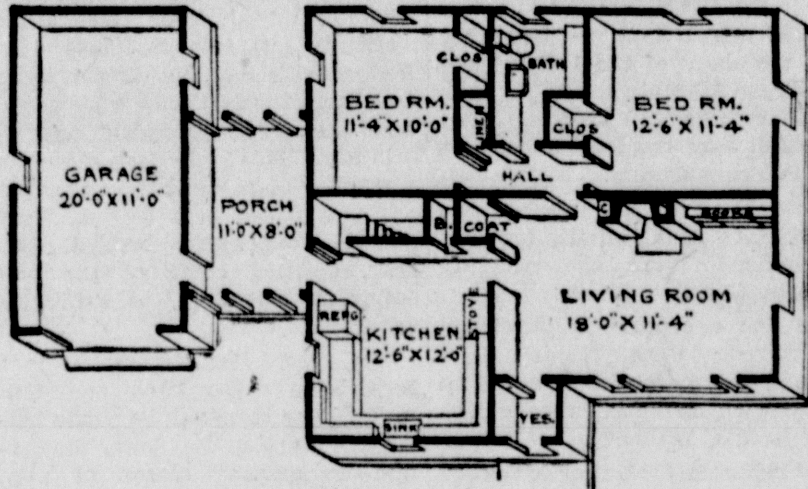

If the lady of the house prefers a first floor laundry to one in the basement, the 11' x 8' porch, connecting the garage and the house proper, can be transformed into a utility room. Provide a door in the back wall for easy access to the yard.

Large closets in both bedrooms, plus a spacious linen closet, a good sized broom closet and a general-purpose closet provide the family that builds "The Fleming" with a generous amount of centrally located storage space. Additional storage space is, of course, also available in the full cement basement.

Heating equipment should be placed under the living room. And, if the laundry is to be located in the basement, it should be installed under the kitchen or bedroom.

ITALIANS PAY FINAL TRIBUTE TO DE GASPERI

ROME (P)—The bells of Rome's nearly 500 churches tolled mournfully today as Alcide de Gasperi, Italy's great postwar premier was borne to his final resting place.

Tens of thousands of Italians, many of them weeping, paid final tribute to the Premier for 7½ years who died of a heart attack four days ago.

Thousands more lined the streets from Rome's downtown Chiesa del Gesù, the Church of Jesus, where a state funeral was held. It was there that the 73-year-old advocate of European unity frequently paused to pray on his way to Parliament or his office during the critical postwar years when he, more than any other man, saved Italy from communism.

Pope Approves Burial

The procession wound slowly through Rome's downtown streets to the ancient Basilica of San Lorenzo, built by Emperor Constantine in the 4th century. Pope Pius XII, the bishop of Rome, himself gave permission for the entombment of the devout Roman Catholic statesman there.

Throughout Italy, flags were at half mast. At the American Embassy and at American consulates throughout the country, the U.S. flag also flew at half-mast for the dead ally.

Among the hundreds of officials and members of the diplomatic corps who attended the funeral was U.S. Ambassador Clare Boothe Luce, who flew here from a vacation in the United States to represent President Eisenhower at the funeral.

PILOTS' STRIKE NEARING END

WASHINGTON (P)—American Airlines and its striking pilots have reached a partial settlement — but whether pilots will return to work in advance of a full agreement remains in dispute.

American said last night it plans to resume operations Wednesday a 23-day shutdown. It said the pilots would at that time return to work, manning disputed transcontinental nonstop flights.

A spokesman for the AFL Airline Pilots Assn. said, however, that the arrangement worked out yesterday with the help of federal mediators was a truce, not a final settlement.

The union spokesman did not make clear whether the "truce" included an agreement to end the strike. Local unions in Nashville, Tenn., and Fort Worth, Tex., said their negotiators in Washington had instructed them not to return to work until all details of a strike-ending agreement are worked out. Pilots struck in protest against the scheduling of westbound non-stop transcontinental flights of

1. You get the look of tomorrow — today

In Buick today you get the modern styling other cars will reach in the future. For here you get true year-ahead beauty — long, low glamor lines, sports-car grace, and that spectacular new panoramic windshield that most other cars won't have till 1955.

2. You get the bigger allowance of our volume business

The tremendous sales volume that has brought Buick into the leadership circle of the "Big Three" means that we can offer you a higher trade-in allowance on your present car when you buy a new Buick. That's the simple reason why we can make you a better deal right now.

3. You get more resale dollars when you trade

With Buick so advanced in style this year it's a sure thing Buick will stay in style for years to come, as other cars catch up. So the new Buick you buy today brings you a higher resale price at trade-in time later. Drop in — see and drive this tomorrow-styled Buick — and get in on Buick's big 3-way bonus right now.

You get a 3-way bonus in the car that's soaring to new success

WHAT has happened in the automobile business this year is something that you should take to heart — as a personal benefit to yourself, and as a sure way to pick a winner.

It is simply this: Buick has moved into the charmed circle of America's three top sales leaders — a circle once dominated only by the so-called "low-price three."

In plainer words — Buick today is outselling all other cars in America except two of these so-called "low-price three." And this has come about because of Buick's advanced year-ahead styling, great V8 power, big-car room and comfort — all for prices starting right close to the lowest. So you reap a worth-while 3-way benefit.

Now's the time to make your buy because —

HENS DON'T LIE

Here are the Facts:

7,500 MORE EGGS FROM 250 UNCULLED HENS FED K-BLENDED KASCO EGG PRODUCER!

Flocks fed the New Kasco Egg Producer averaged 249.6 eggs compared to 219.5 eggs for birds fed another popular, high quality, laying mash. That's thirty more eggs per bird on Kasco, or 7,500 more eggs from 250 layers — amazing but absolutely true!

These results were from many pens of average, uncultured, hens. No pens were selected to boost these averages. All birds were treated the same except for laying mash. Kasco fed birds actually produced eggs on one-half pound less feed per dozen.

What all these figures add up to is: \$2.05 more profit from every 100 pounds of Kasco Egg Producer fed. It will pay you to feed Kasco, too.

NATION'S FIRST ALL-ELECTRIC FARM TO OPEN

By RICHARD L. GRAVES

NEWVILLE, Pa. (AP)—Dairymen John Stamy will throw the switches next week to start operation of the nation's first completely electrified farm.

By pushing a button or turning a knob, Stamy will be able to clean the barn on his 280-acre farm, grind feed for his 132 purebred Ayrshire cows or unload his silo. Those are just some of the features of the all-electric farm. Literally hundreds of types of electric labor saving devices have been installed by manufacturers and power companies to commemorate the 50th anniversary of the electric light bulb.

Stamy's farm was selected as a typical present-day modern farm by agriculture experts. The Pennsylvania Power and Light Co., together with the National Electric

Manufacturers Assn. and the National Electric Contractors Assn., made it a farm of the future.

Equipment Tops \$30,000

Jack Lange, PP&L farm supervisor, said more than \$30,000 worth of electric equipment and wiring have been installed on the Stamy farm.

The equipment will enable the 36-year-old farmer to double his work output while actually having to do less work.

Stamy bought the farm with borrowed capital in 1937, just after he graduated from high school. Since then he has married, has four sons, and has paid off the farm. Lange said Stamy's initiative and enterprise in operating his farm were the basis of his selection.

"This is the most completely wired farm in the country," Lange said.

"There are 56 separate electric circuits in the home, 30 lighting circuits in the barn and 16 power circuits," Lange added.

Most farms have about 15 circuits throughout, Lange said.

Considerable Power

If every piece of electric equipment were turned on at the farm,

Army Gets First 'Work Horse' Copter

MORTON, Pa. (AP)—The Army on Friday accepted delivery of its first H21C "Work Horse" helicopter, a 20-troop transport craft, from the Piasecki Helicopter Corp.

The Army has recently announced plans to equip 12 battalions each with 67 cargo helicopters of the H21C type. The "Work Horse" is designed primarily to transport troops, equipment and supplies within a combat zone.

Lange noted, the power used would be 150 Kilowatts—enough to light about 2,000 average house light bulbs.

And some of the most progressive features of the electric system cannot be seen. Underground wiring carries electricity to the house, barn, workshop and feed grinding building.

"The wiring is of the latest neoprene type, plastic coated for protection," Lange said. The wire requires no conduit pipe.

Time clocks that automatically switch off machinery when an operation is completed are another feature of the farm, Lange said. This will allow Stamy to work elsewhere while such things as feed grinding or barn cleaning go on without special tending.

An intercommunication system linking all the buildings is designed to save needless steps for Stamy, while a special fire alarm system rules out the danger of fires spreading through the buildings.

STATE PAYS 21 ON SEWAGEWORK IN STREAM PLAN

HARRISBURG (AP)—Twenty-one municipalities have received \$133,162 to apply toward costs of sewage plant construction under the State Clean Streams program.

The new payments brought to 72 the number of communities and municipal authorities that have received more than a half million dollars under a 1953 law.

The law allows payments by the state of up to two per cent of costs of sewage treatment plants built since 1937. The Legislature provided two million dollars for the payments during the current biennium.

Latest Payments

The latest payments: Bellefonte Borough Authority, Bellefonte, Centre County, \$1,431.69; Central Delaware County Authority, Ridley Park, \$26,476.14.

But the outbuildings aren't the only ones completely electrified. The house has been equipped with every possible item of electric equipment from television sets to air conditioners, not to mention a stove and washer.

Stamy in addition has a workshop with every type of electric machinery, including a lathe, drill press, welding equipment and saws.

Suicides 3 Weeks After Fatal Crash

PHILADELPHIA (AP)—Reuben Gershel, 46-year-old diamond cutter, was involved in a fatal auto accident three weeks ago.

On Friday his body was found hanging in the seventh-floor fire tower of a downtown building where he had an office.

Detective Charles Fisher said Gershel brooded over the accident in which his car collided with another, killing Jesse C. Douglass, 55-year-old Philadelphia constable.

New Oxford

Although the new extension to the parochial school may not be entirely completed as scheduled in time for the reopening of classes September 7, the Rev. Philip J. Gergen, pastor, reports that "as the new building becomes available, the classes will be transferred to the new rooms" from the present building which was erected in 1912 and which will adjoin the new building, made necessary by the increase in the student body.
